ENVISION YOUR MOST EFFECTIVE LAB

What would it take to transform your laboratory for top operational effectiveness and efficiency? How would you and your team feel if you could spend more time leveraging your best skills because you've streamlined lab processes tangibly? It starts with challenging yourself.

YOUR CHALLENGES

To meet those challenges head on, investing in state-of-the-art instrumentation to remove repetitive tasks is only a start. And we all know that **technology is nothing without the human touch**. Together, we can help you find the balance that makes the most of your lab talent and expertise.

HOW WE TRANSFORM TOGETHER

Your transformation is a collaborative process – **we are with you from start to finish**. To really get to know your lab, we “roll up our sleeves” and work by your side. Our services encompass the three hallmarks of laboratory excellence: maximize quality, support rapid decisions and increase productivity.

Our ever-expanding portfolio of services can be customized to meet your unique needs. **You select what you want, when you want it**. With your knowledge of your lab and our expert outside perspective, we collaborate to enhance use of technology, improve workflow and processes, and make the most of staff skills.

YOUR TRUSTED PARTNER

But who can you trust to help you meet your unique challenges? Five reasons you can count on bioMérieux to **build tailored solutions** to take your lab to the next level:

- Over 10 years' experience as a trusted lab transformation consultant
- Dual expertise as microbiologists and performance/challenge facilitators
- Proven methodologies specially adapted to the microbiology context
- Holistic approach – we work with you to find the big picture
- Unique listening capacity – we really do care about your challenges

Unwaveringly collaborative, we work with you to match your challenges with maximum-impact improvement areas.
