

CHANGE MANAGEMENT SERVICES

EMPOWERING TEAMS, SIMPLIFYING CHANGE, MAXIMIZING IMPACT.

CHANGE MANAGEMENT SERVICES

SEAMLESS INTEGRATION. CONFIDENT TRANSFORMATION.

Whether it's VITEK® 2, VITEK® MS PRIME, MAESTRIA™, or WASP® Solutions, integrating a new system into your lab goes beyond installation; it's about reimagining how teams work. bioMérieux's **Change Management Services** ensures a smooth transition with hands-on, interactive learning that keeps engagement high.

Using **serious game methodology**, our approach helps laboratory teams overcome resistance to change, unlock efficiencies, and fully harness the capabilities of their new system. More than just training, we **empower** labs to embrace innovation, optimize workflows, and enhance diagnostic performance.

With bioMérieux's support, your team can transition smoothly, accelerating adoption, building confidence, and driving a positive impact on patient care from day one.

Together, let's turn change into opportunity.

STEP BY STEP

Collaborative environment:
Identify the daily impact on each lab role

One module supporting to identify the difference(s) between the two ways of working

Assessment to detect pre-conceptions, fears & doubts

RESULTS

- ✓ Discover functions, develop readiness for use
- ✓ Concretely see impact for all staff
- ✓ Motivate staff: envision daily work with the new solution
- ✓ Adoption & engagement

“ *Change management is really very important because without the staff being involved, we could not adopt the new technology. It would not matter how good the equipment is. Our staff needs to be able, willing and happy to use it. And that is essentially what the change management service is delivering.* ”

- Laboratory Manager, Public Hospital
