

bioMérieux S.A Services Subprocessor List

bioMérieux S.A and some of its Affiliates may use data processors (Subprocessors) for the performance of some personal data processing activities and they are selected by bioMérieux in order to deliver and permit the continuity of bioMérieux' services.

The following lists provide information related to the third-party Subprocessors and bioMérieux Affiliates that have or will potentially have access to Customer Data (including patient data) as defined in the General Conditions of Sales of bioMérieux/ bioMérieux General Maintenance and Repair Conditions. bioMérieux can use its Affiliates as Subprocessors to deliver some of or all the Services provided to a Customer depending on the location of a Customer

Any such Subprocessors will be authorized and permitted to process Customer Data only to perform the maintenance, quality control operations or warranty (Services), described in the General Conditions of Sales of bioMérieux/bioMérieux General Maintenance and Repair Conditions.

All Subprocessors listed below are compliant with the General Data Protection Regulation (GDPR) and each of them have entered into an agreement with bioMérieux in order to satisfy equivalent obligation are those required by bioMérieux for ensuring that the processing practices are compliant with the law.

Updates: As bioMérieux activities grows and evolves, bioMérieux can add or remove Subprocessors. Such updates will be posted on this page. Please check back frequently for updates or use the field here to add your email address to be notified of changes by email.

For questions or more information please contact the Data Protection Officer by sending an email to the following address: PrivacyOfficer@biomerieux.com
