

Dividend Distribution Policy

The General Assembly is composed of all shareholders, regardless of the number of shares they hold.

The dividend distribution policy is determined on the basis of an annual review of the Company's earnings, its financial position, and any other factors deemed relevant by the Board of Directors.

Unclaimed dividends shall, within five years from the date of payment, be forfeited to the State.

**The Company did not receive dividends on the treasury shares it held at the time of coupon detachment. The corresponding amount was allocated to "retained earnings." Furthermore, it is specified that the annual dividend was eligible for the tax allowance granted exclusively to individuals fiscally domiciled in France, in accordance with Article 158.3, paragraph 2 of the French General Tax Code.*
